Subject index*

A

Abdomen

- Abdominal pregnancy following gonadotropin treatment (Saracoglu, Goksin, and Durukan), 804
- Abdominal sacral copopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140
- Acute abdominal condition caused by retrograde bleeding in postmenopausal patient on estrogen-progestogen therapy (Rabinovici et al.), 677
- Fatal maternal outcome after delayed delivery in midtrimester abdominal pregnancy (Golland), 676
- Preoperative cefoxitin prophylaxis for elective abdominal hysterectomy (Hemsell et al.), 225

Abortion

- Elevated maternal glycohemoglobin in early pregnancy and spontaneous abortion among insulin-dependent diabetic women (Miodovnik et al.), 439
- Menstrual extraction (Matthews), 235 (Letter); Reply (Borten), 235
- Relief of pain in first-trimester abortion (Trupin), 591 (Letter)
- Repeated first-trimester pregnancy loss: evaluation and management (McDonough), 1 (Clinical Opinion)
- Risk of serious complications from induced abortion: do personal characteristics make a difference (Buehler et al.), 14

Abscess

- Sonographic diagnosis of periappendicular abscess in pregnancy (Jaffe et al.), 623

Acoustic stimulation test

- Fetal acoustic stimulation testing: retrospective experience with fetal acoustic stimulation test (Smith et al.), 567

Adenylate cyclase

- Adenylate cyclase in human ovarian cancers: sensitivity to gonadotropins and nonhormonal activators (Graves et al.), 877

Adrenocorticotropin

- Propranolol inhibits maturational effect of adrenocorticotropin in fetal sheep lung (Vilos et al.), 472

Afibrinogenemia

- First report of case of congenital afibrinogenemia with successful delivery (Inamoto and Terao), 803

Age

- Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394

Albumin

- Maternal and cord blood glycated albumin and total serum proteins: correlation with maternal glycemic control and birth weight (Yatscoff, Mehta, and Dean), 783

4-Aminoantipyrine

- Inhibition of arachidonic acid metabolism by antipyrine and 4-aminoantipyrine (Cohen et al.), 589

Amiodarone

- Transplacental treatment of tachycardia-induced fetal heart failure with verapamil and amiodarone: case report (Rey et al.), 311

Amnion

- Prolactin bioactivity following decidual synthesis and transport by amniochorion (McCoshen and Barc), 217
- Relation between cyclic adenosine monophosphate and prostaglandin output by dispersed cells from human amnion and decidua (Warrick et al.), 66

Amnioinfusion

- Prophylactic intrapartum amnioinfusion in patients with preterm premature rupture of membranes (Nageotte et al.), 557
- Saline amnioinfusion for relief of repetitive variable decelerations: prospective randomized study (Miyazaki and Nevarez), 301

Amniotic fluid

- Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Fallucca et al.), 534
- Amniotic fluid prolactin and fetal lung maturation (Johnson et al.), 372
- Campylobacter* in amniotic fluid of women in preterm labor with intact membranes (Ernest and Wasilaukas), 648
- Decreased levels of amniotic fluid α -fetoprotein associated with Down syndrome (Davis et al.), 541
- Nonpredictive value of measurements of delta optical density at 450 nm in SS disease (Lindsay and Lupo), 75
- Reliability of amniotic fluid volume estimation from ultrasonograms: intraobserver and interobserver variation before and after establishment of criteria (Halperin et al.), 264

Amniotic membrane

- Collagen types in normal and prematurely ruptured amniotic membranes (Kanayama et al.), 899

Amniotomy

- Amniotomy and use of oxytocin in labor in nulliparous women (Seitchik, Holden, and Castillo), 848

Amyloidosis

- Gynecologic amyloidosis (Copeland, Hawley, and Teteris), 555

Anatomy

- Anatomic basis for ultrasound images of human placenta (Vermeulen et al.), 806

Androgen

- Androgen receptors in normal human foreskin. I. Stabilization and identification of two receptor subunits (Razel et al.), 410

*September 1, 1-118; September 15, 119-238; October 1, 239-348; October 15, 349-478; November 1, 479-598; November 15, 599-716; December 1, 717-818; December 15, 819-956.

- Serum testosterone concentrations in evaluation of androgen-producing tumors (Friedman et al.), 44
- Anemia**
 α -Thalassemia hydrops fetalis: clinical and ultrasonographic considerations (Guy et al.), 500
- Anesthesia**
 Effect of parenteral magnesium sulfate on penicillin-induced seizure foci in anesthetized cats (Koontz and Reid), 96
- Angiotensin II**
 Effect of calcium supplementation on vascular sensitivity to angiotensin II in pregnant women (Kawasaki et al.), 576
- Angiotensin II**
 Systemic and uterine responsiveness to angiotensin II and norepinephrine in estrogen-treated nonpregnant sheep (Naden and Rosenfeld), 417
- Antenatal period**
 Antenatal sonographic diagnosis of conjoined twins in triplet pregnancy (Koontz et al.), 230
- Antibiotics**
 Antibiotic irrigation prophylaxis in high-risk cesarean section patient (Bourgeois et al.), 197
- Antibodies**
 Autologous antibodies eluted from membrane fragments isolated from effusions of human ovarian epithelial neoplasms (Kutteh et al.), 124
 Blocking of human fertilization in vitro by sera with sperm-immobilizing antibodies (Kamada et al.), 328
 Presence of maternal anti-SS-A antibody (Greenspoon et al.), 817
- Antipyrine**
 Inhibition of arachidonic acid metabolism by antipyrine and 4-aminoantipyrine (Cohen et al.), 589
- Appendix**
 Sonographic diagnosis of periappendicular abscess in pregnancy (Jaffe et al.), 623
- Arachidonic acid**
 Inhibition of arachidonic acid metabolism by antipyrine and 4-aminoantipyrine (Cohen et al.), 589
 Serum arachidonic acid levels (Rosing and Ölund), 713 (Letter); Reply (Ogburn et al.), 714
- Assay**
 Effect of different human chorionic gonadotropin assay sensitivity on screening for ectopic pregnancy (Romero et al.), 72
- Autocorrelation**
 Limitations of autocorrelation in fetal heart rate monitoring (Fukushima et al.), 685
- Autonomic nervous system**
 Management of autonomic hyperreflexia associated with low thoracic spinal cord lesion (Gimovsky et al.), 223
- B**
- Behavior**
 Relationship between fetal activity and behavioral states and fetal breathing movements in normal and growth-retarded fetuses (van Vliet et al.), 582
- Bioactivity**
 Prolactin bioactivity following decidual synthesis and transport by amniochorion (McCoshen and Barc), 217
- Biochemistry**
 Histologic control of biochemical steroid receptor analysis in endometrial carcinoma (Soper et al.), 520
- Biology**
 Biologic and morphologic development of donated human ova recovered by nonsurgical uterine lavage (Buster et al.), 211
- Biophysical profile, fetal**
 Computer-assisted assessment of fetal biophysical profile (Devoe et al.), 317 (Current Investigation)
 Prospective trial of fetal biophysical profile versus nonstress test in management of high-risk pregnancies (Platt et al.), 624
- Birth weight**
 Mother's birth weight as predictor of macrosomia (Klebanoff et al.), 253
 Neonatal mortality in very low birth weight and very preterm infants (Verloove-Vanhorick, Verwey, and Keirse), 929 (Letter); Reply (Goldenberg), 930
- Bladder**
 Bladder leiomyoma: rare cause of pelvic pain (McLucas and Stein), 896
 Vesical endometriosis following bladder injury (Vermesh et al.), 894
- Bleeding**
 Acute abdominal condition caused by retrograde bleeding in postmenopausal patient on estrogen-progestogen therapy (Rabinovici et al.), 677
- Blood**
 Accuracy of visual and meter determinations of blood glucose with use of Chemstrip bG (Marquette et al.), 883
 Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
 Effect of hydatidiform molar vesicular fluid on blood coagulation (Kaplan, Szulman, and Surti), 703
 Elevated maternal glycohemoglobin in early pregnancy and spontaneous abortion among insulin-dependent diabetic women (Miodovnik et al.), 439
 Fetal blood sampling during pregnancy with use of needle guided by ultrasound: study of 606 consecutive cases (Daffos, Capella-Pavlovsky, and Forestier), 655
 First report of case of congenital afibrinogenemia with successful delivery (Inamoto and Terao), 803
 Glycosylated hemoglobin concentration in early gestation associated with neonatal outcome (Morris, Grandis, and Litton), 651
 Intrapartum fetal surveillance: role of fetal scalp blood sampling (Clark and Paul), 717 (Clinical Opinion)
 Intrauterine fetal response to hypergravity by reduction of plasma prolactin levels in rat (Megory and Oyama), 811
 Leukocyte count in labor and delivery (Acker et al.), 737
 Plasma prorenin in first-trimester pregnancy: relationship to changes in human chorionic gonadotropin (Sealey et al.), 514
 Receiver operating characteristic analysis of glycosylated hemoglobin and standard test for carbohydrate intolerance in pregnancy (Dierksheide), 113 (Letter)
 Serum arachidonic acid levels (Rosing and Ölund), 713 (Letter); Reply (Ogburn et al.), 714
 Serum testosterone concentrations in evaluation of androgen-producing tumors (Friedman et al.), 44
 Serum vitamin K₁ concentration and vitamin K-dependent clotting factor activity in maternal and fetal cord blood (Sann et al.), 771
 Stimulation of plasma prorenin by gonadotropic hormones (Sealey et al.), 596 (Letter)

- Variations in red blood cell proton T_1 relaxation times that correspond to menstrual cycle changes (Rosenthal, Strauss, and Minkoff), 812
- Blood flow**
Relationship of uteroplacental blood flow to placental clearance of maternal plasma C-19 steroids: evaluation of mathematical models (Sennar et al.), 573
- Blood vessels**
Action of magnesium sulfate on platelet prostacyclin interaction and prostacyclin of blood vessels (Briel and Lipert), 232 (Letter)
- Bones**
Prediction of postmenopausal fracture risk with use of bone mineral measurements (Wasnich et al.), 745
- Books received**, 117, 237, 715, 931
- Bradycardia**
Single injection of terbutaline in term labor. I. Effect on fetal pH in cases with prolonged bradycardia (Ingemarsen, Arulkumaran, and Ratnam), 859
- Brain**
Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394
Cerebral oxidative metabolism in fetal lamb: relationship to electrocortical state (Richardson, Patrick, and Abduljabbar), 426
Development of electrocortical activity in fetal and neonatal guinea pig (Umans et al.), 467
Effects of hypertension in pregnancy on neurological maturation in neonates (Diven, Vertes, and Kelly), 709 (Letter)
Evoked fetal startle response: possible intrauterine neurological examination (Divon et al.), 454
Ontogeny of fetal lamb electrocortical activity: power spectral analysis (Szeto et al.), 462
- Breathing movements, fetal**
Effects of hypoxic events on breathing, body movements, and heart rate variation: study in growth-retarded human fetuses (Bekedam and Visser), 52
Fetal heart rate variability and breathing movements (Fouron), 815 (Letter); Reply (Divon), 815
Relationship between fetal activity and behavioral states and fetal breathing movements in normal and growth-retarded fetuses (van Vliet et al.), 582
- Bromocriptine**
Hormonal and morphologic effects of bromocriptine on normal rat pituitary and GH₃ tumor cells (Lahteenmaki et al.), 349
- C
- Calcium**
Effect of calcium supplementation on vascular sensitivity to angiotensin II in pregnant women (Kawasaki et al.), 576
- Capnocytophaga**
Capnocytophaga in amniotic fluid of women in preterm labor with intact membranes (Ernest and Wasilaukas), 648
- Carbohydrates**
Receiver operating characteristic analysis of glycosylated hemoglobin and standard test for carbohydrate intolerance in pregnancy (Dierksheide), 113 (Letter)
Screening for carbohydrate intolerance in pregnancy: comparison of two tests and reassessment of common approach (Cousins et al.), 381
- Cardiovascular indices**
Cerebral oxidative metabolism in fetal lamb: relationship to electrocortical state (Richardson, Patrick, and Abduljabbar), 426
Effect of calcium supplementation on vascular sensitivity to angiotensin II in pregnant women (Kawasaki et al.), 576
Maternal cardiovascular adaptations to twin pregnancy (Veille, Morton, and Burry), 261
Systemic and uterine responsiveness to angiotensin II and norepinephrine in estrogen-treated nonpregnant sheep (Naden and Rosenfeld), 417
- Catheterization**
Supraclavicular central venous catheterization (Helmkamp and Sanko), 751
- Cefoxitin**
Clostridium difficile-associated diarrhea follows perioperative prophylaxis with cefoxitin (Block et al.), 835
Preoperative cefoxitin prophylaxis for elective abdominal hysterectomy (Hemsell et al.), 225
- Cells**
Hormonal and morphologic effects of bromocriptine on normal rat pituitary and GH₃ tumor cells (Lahteenmaki et al.), 349
- Cervical carcinoma**
Corpus and cervix cancer: nutritional comparison (Orr et al.), 775
Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral infections from high-grade cervical intraepithelial neoplasia (Reid and Sculzi), 611
Management of Stage IA carcinoma of cervix (Creasman et al.), 164
- Cervical intraepithelial neoplasia**
Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral infections from high-grade cervical intraepithelial neoplasia (Reid and Sculzi), 611
- Cervical intraepithelial neoplasia**
Laser combination procedure for cervical intraepithelial neoplasia (Wright), 344 (Letter); Reply (Baggish and Dorsey), 345
- Cervix**
Carbon dioxide laser for combination excisional-vaporization conization (Rouse and Minielly), 343 (Letter); Grant, 344 (Letter); Reply (Dorsey), 344
Cervical *Chlamydia trachomatis* infections in university women: relationship to history, contraception, ectopy, and cervicitis (Harrison et al.), 244
Cervical vascular malformation as cause of antepartum and intrapartum bleeding in three diethylstilbestrol-exposed progeny (Follen, Fox, and Levine), 890
In vitro binding of insulin and epidermal growth factor to human endometrium and endocervix (Sheets et al.), 60
Preinduction cervical ripening with prostaglandin E₂ (Prepidil) gel (Trofatter et al.), 268
- Cesarean section**
Antibiotic irrigation prophylaxis in high-risk cesarean section patient (Bourgeois et al.), 197
Cesarean section: answer to House of Horne (Leveno, Cunningham, and Pritchard), 838
Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79
Pseudomembranous enterocolitis after cesarean delivery (Duff), 926 (Letter); Reply (Arsura), 926
Serous cystadenocarcinoma as incidental finding during repeat cesarean section (Ahram, Lakoff, and Miller), 78
- Chemotherapy**
Magnesium homeostasis following chemotherapy with cisplatin: prospective study (Stewart, Keating, and Schwartz), 660

Chemstrip bG

Accuracy of visual and meter determinations of blood glucose with use of Chemstrip bG (Marquette et al.), 883

Chlamydial infections

Cervical *Chlamydia trachomatis* infections in university women: relationship to history, contraception, ectopy, and cervicitis (Harrison et al.), 244

Choriocarcinoma

Report of successful delivery after nonsurgical management of choriocarcinoma-related pelvic arteriovenous fistula (Chapman and Lutz), 155

Chorion

Chorionic villus sampling: first-trimester prenatal diagnosis of partial 10q trisomy in family with 4/10 translocation (Olson et al.), 743

Chromic phosphate P 32

Intraperitoneal chromic phosphate P 32 suspension therapy of malignant peritoneal cytology in endometrial carcinoma (Soper et al.), 191

Chromosome abnormalities

Chorionic villus sampling: first-trimester prenatal diagnosis of partial 10q trisomy in family with 4/10 translocation (Olson et al.), 743

Cisplatin

Comparison of intraperitoneal and intravenous routes of cisplatin administration in advanced ovarian cancer model of rat (Sekiya, Iwasawa, and Takamizawa), 106

Magnesium homeostasis following chemotherapy with cisplatin: prospective study (Stewart, Keating, and Schwartz), 660

Circulation

Postpartum disappearance of chorionic gonadotropin from maternal and neonatal circulations (Reyes, Winter, and Faiman), 486

Clavicle

Supraclavicular central venous catheterization (Helmkamp and Sanko), 751

Clinical Opinion, 1-6, 207-10, 479-81, 599-604, 717-20, 824-7, 828-34

Cloacal exstrophy

Prenatal ultrasonic diagnosis of cloacal exstrophy (Meizner and Bar-Ziv), 802

Clomiphene citrate

Embryo toxicity of clomiphene citrate on mouse embryos fertilized in vitro and in vivo (Schmidt et al.), 679

Clostridium difficile

Clostridium difficile-associated diarrhea follows perioperative prophylaxis with cefoxitin (Block et al.), 835

Coagulation

Effect of hydatidiform molar vesicular fluid on blood coagulation (Kaplan, Szulman, and Surti), 703

Collagen

Collagen types in normal and prematurely ruptured amniotic membranes (Kanayama et al.), 899

Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Gunja-Smith and Woessner), 92

Colpopexy

Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocoele (Addison et al.), 140

Colposcopy

Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral in-

fections from high-grade cervical intraepithelial neoplasia (Reid and Scalzi), 611

Computer

Computer-assisted assessment of fetal biophysical profile (Devoe et al.), 317 (Current Investigation)

Development of electrocortical activity in fetal and neonatal guinea pig (Umans et al.), 467

Ontogeny of fetal lamb electrocortical activity: power spectral analysis (Szeto et al.), 462

Condyloma acuminatum

Interferon for therapy of condyloma acuminatum (Gall, Hughes, and Trofater), 157

Consultants

Consultants for the American Journal of Obstetrics and Gynecology, 819

Contraception

Cervical *Chlamydia trachomatis* infections in university women: relationship to history, contraception, ectopy, and cervicitis (Harrison et al.), 244

Hospitalizations among black women using contraceptives (Higgins et al.), 280

Contraceptives, intrauterine devices

Management of missing intrauterine contraceptive device: report of case (Gorsline and Osborne), 228

Contraceptives, oral

Randomized crossover comparison of two low-dose contraceptives: effects on serum lipids and lipoproteins (März et al.), 287

Risk of postmolar invasive complications with oral contraceptive use (Yuen and Callegari), 924 (Letter); Reply (Morrow and Schlaerth), 925

Thrombosis due to permanent pacemaker and oral contraceptives (Halub, Robie, and Deere), 571

Triphasic oral contraception: metabolic effects in normal women and those with previous gestational diabetes (Skouby et al.), 495

Contraceptives, spermicidal

Spermicidal contraceptives and poor reproductive outcomes (Fribourg), 233 (Letter)

Convulsion

Obstetric characteristics and fetal heart rate patterns of infants who convulse during newborn period (Keegan, Wafarm, and Quilligan), 732

C-peptide

Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Falluca et al.), 534

C-reactive protein

Association of subclinical infection with preterm labor: role of C-reactive protein (Potkul, Moawad, and Ponto), 642

Culdo-plasty

"Posterior culdeplasty": revisited (Given), 135

Current Development, 911-23**Current Investigation**, 83-6, 317-21, 322-7**Cyclic adenosine monophosphate**

Relation between cyclic adenosine monophosphate and prostaglandin output by dispersed cells from human amnion and decidua (Warrick et al.), 66

Cytochrome P-450

Cytochrome P-450 activity in human leiomyoma and normal myometrium (Senler et al.), 551

Cytology

Intraperitoneal chromic phosphate P 32 suspension therapy of malignant peritoneal cytology in endometrial carcinoma (Soper et al.), 191

D

Decidua

Prolactin bioactivity following decidual synthesis and transport by amniochorion (McCoshen and Barc), 217

Relation between cyclic adenosine monophosphate and prostaglandin output by dispersed cells from human amnion and decidua (Warrick et al.), 66

Decongestant, nasal

Fetal heart rate changes following maternal administration of nasal decongestant (Baxi et al.), 799

Desmosines

Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Gunja-Smith and Woessner), 92

Diabetes

Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Fallucca et al.), 534

Antepartum fetal monitoring in insulin-dependent diabetic pregnancies (Diamond et al.), 528

Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257

Elevated maternal glycohemoglobin in early pregnancy and spontaneous abortion among insulin-dependent diabetic women (Miodovnik et al.), 439

Idiopathic hypoparathyroidism with gestational diabetes (Blickstein, Kessler, and Lancet), 649

Indications for and timing of delivery in diabetic pregnancies (Mashini et al.), 759

Management of diabetes mellitus in pregnancy (Gabbe), 824 (Clinical Opinion)

Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457

Real-time ultrasound estimations of weight in fetuses of diabetic gravid women (Tamura et al.), 57

Triphasic oral contraception: metabolic effects in normal women and those with previous gestational diabetes (Skouby et al.), 495

Diarrhea

Clostridium difficile-associated diarrhea follows perioperative prophylaxis with cefoxitin (Block et al.), 835

Diethylstilbestrol

Cervical vascular malformation as cause of antepartum and intrapartum bleeding in three diethylstilbestrol-exposed progeny (Follen, Fox, and Levine), 890

Digital examination

Is there need for digital examination in patients with spontaneous rupture of membranes (Munson et al.), 562

Digital radiography

X-ray pelvimetry in breech protocol: comparison of digital radiography and conventional methods (Gimovsky et al.), 887

Douching

Vaginal douching as potential risk factor for tubal ectopic pregnancy (Chow et al.), 727

Down's syndrome

Decreased levels of amniotic fluid α -fetoprotein associated with Down syndrome (Davis et al.), 541

Sonographic diagnosis of Down syndrome in second trimester (Benacerraf, Frigoletto, and Laboda), 49

Sonographic sign for detection of Down's syndrome (Castillo), 595 (Letter); Reply (Benacerraf, Barss, and Laboda), 595

Dystocia

Cephalic replacement for shoulder dystocia (O'Leary and Gunn), 592 (Letter); Reply (Horger), 592

E

Ectopic pregnancy

Effect of different human chorionic gonadotropin assay sensitivity on screening for ectopic pregnancy (Romero et al.), 72

Vaginal douching as potential risk factor for tubal ectopic pregnancy (Chow et al.), 727

Effusions

Autologous antibodies eluted from membrane fragments isolated from effusions of human ovarian epithelial neoplasms (Kutteh et al.), 124

Elastin

Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Gunja-Smith and Woessner), 92

Electrical activity

Electrical and mechanical uterine activity and gap junctions in periparturient sheep (Verhoeff et al.), 447

Embryo

Embryo toxicity of clomiphene citrate on mouse embryos fertilized in vitro and in vivo (Schmidt et al.), 679

Encephalocele

Prenatal diagnosis of occipital encephalocele (Chatterjee, Bondoc, and Adhate), 646

Endometrial carcinoma

Histologic control of biochemical steroid receptor analysis in endometrial carcinoma (Soper et al.), 520

Intraperitoneal chromic phosphate P 32 suspension therapy of malignant peritoneal cytology in endometrial carcinoma (Soper et al.), 191

Endometriosis

Vesical endometriosis following bladder injury (Vermesh et al.), 894

Endometrium

Activities of glycogen synthetase and glycogen phosphorylase in human endometrium: relative distribution in isolated glands and stroma (Soude et al.), 100

In vitro binding of insulin and epidermal growth factor to human endometrium and endocervix (Sheets et al.), 60

Enterocoele

Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocoele (Addison et al.), 140

Epidemiology

Fetal death during labor: epidemiologic indicator of level of obstetric care (Kiely, Paneth, and Susser), 721

Epidermal growth factor

In vitro binding of insulin and epidermal growth factor to human endometrium and endocervix (Sheets et al.), 60

Epinephrine

Anxiety and epinephrine in multiparous women in labor: relationship to duration of labor and fetal heart rate pattern (Lederman et al.), 870

Epithelium

In vitro adherence of *Lactobacillus* species to vaginal epithelial cells (Wood et al.), 740

Errata, 774, 813

Erythrocytes

Erythrocyte morphology in women with severe preeclampsia and eclampsia (Cunningham et al.), 358

Estriol

Serum unconjugated estriol level as predictor of pulmonary maturity (Stovall, Dashow, and Read), 568

Estrogen

Acute abdominal condition caused by retrograde bleeding in postmenopausal patient on estrogen-progestogen therapy (Rabinovici et al.), 677

Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394

Systemic and uterine responsiveness to angiotensin II and norepinephrine in estrogen-treated nonpregnant sheep (Naden and Rosenfeld), 417

Examination, pelvic

Initial instruction in pelvic examination (Coopland), 597 (Letter); Reply (Beckmann), 597

Exercise

Effect of acute exercise on pulsatile release of luteinizing hormone in women runners (Cumming et al.), 482

F**Fertilization, in vitro**

Blocking of human fertilization in vitro by sera with sperm-immobilizing antibodies (Kamada et al.), 328

Embryo toxicity of clomiphene citrate on mouse embryos fertilized in vitro and in vivo (Schmidt et al.), 679

Follicular development: lessons learned from human in vitro fertilization (DeCherney, Tarlatzis, and Laufer), 911 (Current Development)

Reconstructive pelvic operations for in vitro fertilization (Garcia et al.), 172

 α -Fetoprotein

Decreased levels of amniotic fluid α -fetoprotein associated with Down syndrome (Davis et al.), 541

Maternal serum α -fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224

Fetus

Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Fallucca et al.), 534

Amniotic fluid prolactin and fetal lung maturation (Johnson et al.), 372

Cerebral oxidative metabolism in fetal lamb: relationship to electrocortical state (Richardson, Patrick, and Abduljabbar), 426

Computer-assisted assessment of fetal biophysical profile (Devoe et al.), 317 (Current Investigation)

Development of electrocortical activity in fetal and neonatal guinea pig (Umans et al.), 467

Effects of hypoxemic events on breathing, body movements, and heart rate variation: study in growth-retarded human fetuses (Bekedam and Visser), 52

Electronic fetal monitor paced by maternal implanted pacemaker (Goodlin and Cheatham), 570

Evoked fetal startle response: possible intrauterine neurological examination (Divon et al.), 454

Fetal acoustic stimulation testing: retrospective experience with fetal acoustic stimulation test (Smith et al.), 567

Fetal blood sampling during pregnancy with use of needle guided by ultrasound: study of 606 consecutive cases (Daffos, Capella-Pavlovsky, and Forestier), 655

Fetal distress secondary to vancomycin-induced maternal hypotension (Hill), 74

Fetal heart rate changes following maternal administration of nasal decongestant (Baxi et al.), 799

Fetal and neonatal effects of indomethacin used as tocolytic agent (Veersema, de Jong, and van Wijck), 926 (Letter); Reply (Dudley and Hardie), 927

Fetal and neonatal effects of indomethacin used as tocolytic agent (Zuckerman and Shalev), 712 (Letter); Reply (Dudley), 713

Fetal position during pregnancy (Hughey), 885

Fetal subcutaneous scalp PO_2 and abnormal heart rate during labor (Aarnoudse et al.), 565

Fetal-neonatal passive immunization against *Hemophilus influenzae*, type b (Amstey et al.), 607

Fetomaternal hemorrhage following trauma (Rose, Strohm, and Zuspan), 844

Influence of fetal sex on rupture of membranes and preterm labor (MacGillivray and Davey), 814 (Letter)

Intrapartum fetal surveillance: role of fetal scalp blood sampling (Clark and Paul), 717 (Clinical Opinion)

Intrauterine atrial fibrillation associated with fetomaternal hemorrhage (Bacevice, Dierker, and Wolfson), 81

Intrauterine fetal response to hypergravity and by reduction of plasma prolactin levels in rat (Megory and Oyama), 811

Maternal serum α -fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224

Placenta previa percreta with fetal survival (Gribble and FitzSimmons), 314

Propranolol inhibits maturational effect of adrenocorticotropin in fetal sheep lung (Vilos et al.), 472

Prospective trial of fetal biophysical profile versus nonstress test in management of high-risk pregnancies (Platt et al.), 624

Real-time ultrasound estimations of weight in fetuses of diabetic gravid women (Tamura et al.), 57

Relationship between fetal activity and behavioral states and fetal breathing movements in normal and growth-retarded fetuses (van Vliet et al.), 582

Serum vitamin K_1 concentration and vitamin K-dependent clotting factor activity in maternal and fetal cord blood (Sann et al.), 771

Single injection of terbutaline in term labor. I. Effect on fetal pH in cases with prolonged bradycardia (Ingemarsen, Arulkumaran, and Ratnam), 859

Use of fetal scalp hematocrit in diagnosis of severe hemorrhage from vasa previa (Silva et al.), 307

Fever

Delayed hemolytic transfusion reaction: cause of late postoperative fever (Soper), 227

Fistula

Report of successful delivery after nonsurgical management of choriocarcinoma-related pelvic arteriovenous fistula (Chapman and Lutz), 155

Forceps

Examination of data base in midforceps delivery study (Hauth, Gilstrap, and Hankins), 814 (Letter)

Foreskin

Androgen receptors in normal human foreskin. I. Stabilization and identification of two receptor subunits (Razel et al.), 410

G**Gap junctions**

Electrical and mechanical uterine activity and gap junctions in peripheral sheep (Verhoeff et al.), 447

Genital tract

- Asymptomatic herpesvirus genital excretion during labor (Smith, Hepler, and Chang), 815 (Letter); Reply (Hankins), 816
- Genital herpes in pregnancy: risk factors associated with recurrences and asymptomatic viral shedding (Brown et al.), 24
- Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral infections from high-grade cervical intraepithelial neoplasia (Reid and Scalzi), 611
- Improved laser techniques for elimination of genital and extragenital warts (Baggish), 545

Gentamicin

- Delayed gentamicin elimination in patients with severe pre-eclampsia (McNeeley et al.), 793

Germ cell

- Assessment of contemporary management of germ cell malignancies of ovary (Creasman and Soper), 828 (Clinical Opinion)

Gestational age

- Prospective analysis of influence of gestational age on baseline fetal heart rate and reactivity in low-risk population (Smith, Phelan, and Paul), 780
- Relationship of nonstress test to gestational age (Druzin et al.), 386

Glands

- Activities of glycogen synthetase and glycogen phosphorylase in human endometrium: relative distribution in isolated glands and stroma (Souida et al.), 100

Glucose

- Accuracy of visual and meter determinations of blood glucose with use of Chemstrip bG (Marquette et al.), 883
- Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
- Hepatic and peripheral responsiveness to glucose infusion in pregnancy (Cowell), 272

Glycogen

- Activities of glycogen synthetase and glycogen phosphorylase in human endometrium: relative distribution in isolated glands and stroma (Souida et al.), 100

Gonadotropin

- Abdominal pregnancy following gonadotropin treatment (Saracoglu, Goksin, and Durukan), 804
- Adenylate cyclase in human ovarian cancers: sensitivity to gonadotropins and nonhormonal activators (Graves et al.), 877
- Effect of follicular fluid protein(s) on gonadotropin-modulated secretion of progesterone in porcine granulosa cell cultures (Battin and diZerega), 432

Gonadotropin, human chorionic

- Effect of different human chorionic gonadotropin assay sensitivity on screening for ectopic pregnancy (Romero et al.), 72
- Plasma prolactin in first-trimester pregnancy: relationship to changes in human chorionic gonadotropin (Sealey et al.), 514
- Postpartum disappearance of chorionic gonadotropin from maternal and neonatal circulations (Reyes, Winter, and Faiman), 486

Gonadotropin-resistant ovary syndrome

- Pregnancy in patient with gonadotropin-resistant ovary syndrome (Amos), 154

Granular cell

- Granular cell myoblastoma of vulva in 6-year-old girl (Brooks), 897

Granulosa cell

- Effect of follicular fluid protein(s) on gonadotropin-modulated secretion of progesterone in porcine granulosa cell cultures (Battin and diZerega), 432

Gravity

- Intrauterine fetal response to hypergravity by reduction of plasma prolactin levels in rat (Megory and Oyama), 811

H

Head

- Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79
- Prenatal diagnosis of occipital encephalocele (Chatterjee, Bondoc, and Adhate), 646

Heart

- Electronic fetal monitor paced by maternal implanted pacemaker (Goodlin and Cheatham), 570
- Thrombosis due to permanent pacemaker and oral contraceptives (Halub, Robie, and Deere), 571

Heart rate, fetal

- Antepartum fetal monitoring in insulin-dependent diabetic pregnancies (Diamond et al.), 528
- Antepartum nonstress fetal heart rate monitoring: systematic analysis of baseline patterns and decelerations as adjunct to reactivity in prediction of fetal risks (Brioschi et al.), 633
- Anxiety and epinephrine in multiparous women in labor: relationship to duration of labor and fetal heart rate pattern (Lederman et al.), 870
- Effects of hypoxemic events on breathing, body movements, and heart rate variation: study in growth-retarded human fetuses (Bekedam and Visser), 52
- Electronic fetal monitor paced by maternal implanted pacemaker (Goodlin and Cheatham), 570
- Experimentally produced sinusoidal fetal heart rate pattern in chronically instrumented fetal lamb (Murata et al.), 693
- Fetal heart rate changes following maternal administration of nasal decongestant (Baxi et al.), 799
- Fetal heart rate response to running in midpregnancy and late pregnancy (Clapp), 251
- Fetal heart rate variability and breathing movements (Fouzon), 815 (Letter); Reply (Divon), 815
- Fetal subcutaneous scalp PO_2 and abnormal heart rate during labor (Aarnoudse et al.), 565
- Intrapartum fetal monitoring and uterine rupture (Pollack and Park), 342 (Letter); Reply (Zuidema), 343
- Intrauterine atrial fibrillation associated with fetomaternal hemorrhage (Bacevice, Dierker, and Wolfson), 81
- Limitations of autocorrelation in fetal heart rate monitoring (Fukushima et al.), 685
- Obstetric characteristics and fetal heart rate patterns of infants who convulse during newborn period (Keegan, Walfarm, and Quilligan), 732
- Preeclampsia and fetal heart rate decelerations (Mazor et al.), 115 (Letter); Reply (Bourgeois), 115

- Prospective analysis of influence of gestational age on baseline fetal heart rate and reactivity in low-risk population (Smith, Phelan, and Paul), 780
- Saline amnioinfusion for relief of repetitive variable decelerations: prospective randomized study (Miyazaki and Nevarez), 301
- Significance of sporadic heart rate deceleration during non-stress test (Woo and Poon), 708 (Letter); Reply (Mazor et al.), 708
- Transplacental treatment of tachycardia-induced fetal heart failure with verapamil and amiodarone: case report (Rey et al.), 311
- Validity of mathematical methods of quantitating fetal heart rate variability (Parer et al.), 402
- Hematocrit**
- Use of fetal scalp hematocrit in diagnosis of severe hemorrhage from vasa previa (Silva et al.), 307
- Hemodynamics**
- Magnesium sulfate and ritodrine hydrochloride: systemic and uterine hemodynamic effects (Thiagarajah, Harbert, and Bourgeois), 666
- Hemoglobin**
- Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
- Glycosylated hemoglobin concentration in early gestation associated with neonatal outcome (Morris, Grandis, and Litton), 651
- Hemolysis**
- Delayed hemolytic transfusion reaction: case of late post-operative fever (Soper), 227
- Hemolytic anemia**
- Pyruvate kinase deficiency hemolytic anemia: two successful pregnancy outcomes (Fanning and Hinkle), 313
- Hemophilus influenzae, type b**
- Fetal-neonate passive immunization against *Hemophilus influenzae*, type b (Amstey et al.), 607
- Hemorrhage**
- Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79
- Fetomaternal hemorrhage following trauma (Rose, Strohm, and Zupan), 844
- Intrauterine atrial fibrillation associated with fetomaternal hemorrhage (Bacevice, Dierker, and Wolfson), 81
- Use of fetal scalp hematocrit in diagnosis of severe hemorrhage from vasa previa (Silva et al.), 307
- Heparin**
- Heparin treatment during pregnancy (Hahn), 342 (Letter)
- Hermansky-Pudlak syndrome**
- Hermansky-Pudlak syndrome in pregnancy: two case studies (Reiss et al.), 564
- Herpes simplex infection**
- Asymptomatic herpesvirus genital excretion during labor (Smith, Hepler, and Chang), 815 (Letter); Reply (Hankins), 816
- Genital herpes in pregnancy: risk factors associated with recurrences and asymptomatic viral shedding (Brown et al.), 24
- Histology**
- Histologic control of biochemical steroid receptor analysis in endometrial carcinoma (Soper et al.), 520
- Homeostasis**
- Magnesium homeostasis following chemotherapy with cisplatin: prospective study (Stewart, Keating, and Schwartz), 660
- Hormones**
- Hormonal and morphologic effects of bromocriptine on normal rat pituitary and GH₃ tumor cells (Lahteenmaki et al.), 349
- Stimulation of plasma prorenin by gonadotropic hormones (Sealey et al.), 596 (Letter)
- Hospitalization**
- Hospitalizations among black women using contraceptives (Higgins et al.), 280
- House of Horne**
- Cesarean section: answer to House of Horne (Leveno, Cunningham, and Pritchard), 838
- Hydatidiform mole**
- Effect of hydatidiform molar vesicular fluid on blood coagulation (Kaplan, Szulman, and Surti), 703
- Return of ovulation after evacuation of hydatidiform moles (Ho, Wong, and Ma), 638
- Hydrops, fetal**
- α -Thalassemia hydrops fetalis: clinical and ultrasonographic considerations (Guy et al.), 500
- Hyperreflexia**
- Management of autonomic hyperreflexia associated with low thoracic spinal cord lesion (Gimovsky et al.), 223
- Hypertension**
- Effects of hypertension in pregnancy on neurological maturation in neonates (Diven, Vertes, and Kelly), 709 (Letter)
- Prostacyclin in normal and hypertensive pregnancy (Greer et al.), 710 (Letter); Reply (Yamaguchi and Mori), 712
- Hypotension**
- Fetal distress secondary to vancomycin-induced maternal hypotension (Hill), 74
- Hypoxemia**
- Effects of hypoxemic events on breathing, body movements, and heart rate variation: study in growth-retarded human fetuses (Bekedam and Visser), 52
- Hysterectomy**
- Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140
- Preoperative cefoxitin prophylaxis for elective abdominal hysterectomy (Hemsel et al.), 225
- I
- Immunization**
- Alloimmunization in twin pregnancies (Bowman), 7
- Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79
- Fetal-neonate passive immunization against *Hemophilus influenzae*, type b (Amstey et al.), 607
- Lung profiles in isoimmunized pregnancy (Horenstein, Golde, and Platt), 443
- Immunoglobulins**
- Immunoglobulins in prolonged ruptured membranes (Ismael et al.), 390
- Immunohistochemistry**
- Immunohistochemical evaluation of human placental implantation: initial study (Tuttle et al.), 239
- Incontinence, stress**
- Effect of terodiline treatment in women with motor urge incontinence (Ulmsten, Ekman, and Andersson), 619

Indomethacin

Fetal and neonatal effects of indomethacin used as tocolytic agent (Veersema, de Jong, and van Wijck), 926 (Letter); Reply (Dudley and Hardie), 927

Fetal and neonatal effects of indomethacin used as tocolytic agent (Zuckerman and Shalev), 712 (Letter); Reply (Dudley), 713

Infants

Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Fallucca et al.), 534

Obstetric characteristics and fetal heart rate patterns of infants who convulse during the newborn period (Keegan, Waffarn, and Quilligan), 732

Placentas of small-for-dates infants from Mexico City, Mexico (Labarrere), 235 (Letter); Reply (Davies), 236

Infections

Association of subclinical infection with preterm labor: role of C-reactive protein (Potkul, Moawad, and Ponto), 642

Cervical *Chlamydia trachomatis* infections in university women; relationship to history, contraception, ectopy, and cervicitis (Harrison et al.), 244

Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral infections from high-grade cervical intraepithelial neoplasia (Reid and Scuzzi), 611

Infection and phagocytosis as possible mechanisms of rupture in premature rupture of membranes (Sbarra et al.), 38

Laser therapy for vulvar molluscum contagiosum infection (Amstey and Trombetta), 800

Infertility

Reconstructive pelvic operations for in vitro fertilization (Garcia et al.), 172

Insemination, artificial

Homologous insemination—revisited (Nunley, Bateman, and Kitchin), 201

Insulin

Amniotic fluid insulin, C peptide concentrations, and fetal morbidity in infants of diabetic mothers (Fallucca et al.), 534

Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457

In vitro binding of insulin and epidermal growth factor to human endometrium and endocervix (Sheets et al.), 60

Intelligence quotient

Do midforceps deliveries really impair subsequent intelligence quotient scores? (Kadar), 233 (Letter); Reply (Friedman), 235

Interferon

Interferon for therapy of condyloma acuminatum (Gall, Hughes, and Trofatter), 157

Study of interferon production during pregnancy in mice and antiviral activity in placenta (Yamada et al.), 335

Intrapartum period

Short-term tocolysis adjunctive to intrapartum term breech management (Gimovsky), 233 (Letter)

Inversion, uterine

Acute puerperal uterine inversion: two-step management with β -mimetic and prostaglandin (Thiery and Delbeke), 891

Items, 118, 238, 348, 478, 598, 716, 921

K

Kidney

Influence of antecedent renal disease on pregnancy (Abe et al.), 508

L

Labor and delivery

Amniotomy and use of oxytocin in labor in nulliparous women (Seitchik, Holden, and Castillo), 848

Anxiety and epinephrine in multiparous women in labor: relationship to duration of labor and fetal heart rate pattern (Lederman et al.), 870

Association of subclinical infection with preterm labor: role of C-reactive protein (Potkul, Moawad, and Ponto), 642

Asymptomatic herpesvirus genital excretion during labor (Smith, Hepler, and Chang), 815 (Letter); Reply (Hankins), 816

Capnocytophaga in amniotic fluid of women in preterm labor with intact membranes (Ernest and Wasilaukas), 648

Cephalic replacement for shoulder dystocia (O'Leary and Gunn), 592 (Letter); Reply (Horgner), 592

Cervical vascular malformation as cause of antepartum and intrapartum bleeding in three diethylstilbestrol-exposed progeny (Follen, Fox, and Levine), 890

Collagen types in normal and prematurely ruptured amniotic membranes (Ka'ayama et al.), 899

Comparison of ritodrine, terbutaline, and magnesium sulfate for suppression of preterm labor (Beall et al.), 854

Do midforceps deliveries really impair subsequent intelligence quotient scores? (Kadar), 233 (Letter); Reply (Friedman), 235

Electrical and mechanical uterine activity and gap junctions in periparturient sheep (Verhoeff et al.), 447

Examination of data base in midforceps delivery study (Hauth, Gilstrap, and Hankins), 814 (Letter)

Fatal maternal outcome after delayed delivery in midtrimester abdominal pregnancy (Golland), 676

Fetal death during labor: epidemiologic indicator of level of obstetric care (Kiely, Paneth, and Susser), 721

Fetal subcutaneous scalp PO_2 and abnormal heart rate during labor (Aarnoudse et al.), 565

First report of case of congenital afibrinogenemia with successful delivery (Inamoto and Terao), 803

Immunoglobulins in prolonged ruptured membranes (Ismael et al.), 390

Indications for and timing of delivery in diabetic pregnancies (Mashini et al.), 759

Infection and phagocytosis as possible mechanisms of rupture in premature rupture of membranes (Sbarra et al.), 38

Influence of fetal sex on rupture of membranes and preterm labor (MacGillivray and Davey), 814 (Letter)

Intrapartum fetal monitoring and uterine rupture (Pollack and Park), 342 (Letter); Reply (Zuidema), 343

Intrapartum fetal surveillance: role of fetal scalp blood sampling (Clark and Paul), 717 (Clinical Opinion)

Intrapartum ultrasound diagnosis of nuchal cord as decisive factor in management (Feinstein et al.), 308

Is there need for digital examination in patients with spontaneous rupture of membranes (Munson et al.), 562

Leukocyte count in labor and delivery (Acker et al.), 737

Meconium below vocal cords at delivery: correlation with intrapartum events (Dooley et al.), 767

Paradoxical response to intravenous terbutaline (Bhat, Seifer, and Hensleigh), 310

- Placentas of small-for-dates infants from Mexico City, Mexico (Labarrere), 235 (Letter); Reply (Davies), 236
- Preinduction cervical ripening with prostaglandin E₂ (Prepidil) gel (Trofatter et al.), 268
- Preterm rupture of membranes: combination therapy (Van Dorsten, Horger, and Miller), 147
- Prophylactic intrapartum amnioinfusion in patients with preterm premature rupture of membranes (Nageotte et al.), 557
- Prostaglandin E and F_{2α} receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904
- Pseudomembranous enterocolitis after cesarean delivery (Duff), 926 (Letter); Reply (Arsura), 926
- Report of successful delivery after nonsurgical management of choriocarcinoma-related pelvic arteriovenous fistula (Chapman and Lutz), 155
- Short-term tocolysis adjunctive to intrapartum term breech management (Gimovsky), 233 (Letter)
- Single injection of terbutaline in term labor. I. Effect on fetal pH in cases with prolonged bradycardia (Ingemarsson, Arulkumaran, and Ratnam), 859
- Single injection of terbutaline in term labor. II. Effect on uterine activity (Ingemarsson, Arulkumaran, and Ratnam), 865
- Twin delivery: how should second twin be delivered (Olofsson and Rydhström), 479 (Clinical Opinion)
- Uterine rupture with use of vaginal prostaglandin E₂ (Elder), 342 (Letter); Reply (Claman), 342
- X-ray pelvimetry in breech protocol: comparison of digital radiography and conventional methods (Gimovsky et al.), 887
- Lactobacillus species**
In vitro adherence of *Lactobacillus* species to vaginal epithelial cells (Wood et al.), 740
- Laser**
Carbon dioxide laser for combination excisional-vaporization conization (Rouse and Minielly), 343 (Letter); (Grant), 344 (Letter); Reply (Dorsey), 344
Carbon dioxide laser surgery (Rubinstein), 345 (Letter); Reply (Baggish and Dorsey), 346
Improved laser techniques for the elimination of genital and extragenital warts (Baggish), 545
Laser combination procedure for cervical intraepithelial neoplasia (Wright), 344 (Letter); Reply (Baggish and Dorsey), 345
Laser therapy for vulvar molluscum contagiosum infection (Amstey and Trombetta), 800
- Lavage**
Biologic and morphologic development of donated human ova recovered by nonsurgical uterine lavage (Buster et al.), 211
- Leiomyoma**
Bladder leiomyoma: rare cause of pelvic pain (McLucas and Stein), 896
- Leukocyte**
Validity of leukocyte esterase reagent test strip in detecting significant leukocyturia (Marquette et al.), 888
- Leukocyturia**
Validity of leukocyte esterase reagent test strip in detecting significant leukocyturia (Marquette et al.), 888
- Leukotriene**
Influence of ovarian steroids on prostaglandin- and leukotriene-induced uterine contractions (Hahn et al.), 87
- Lipoid cells**
Steroid secretion by lipoid cell tumor causing virilization and its diagnosis with computerized tomography (Fonseca et al.), 797
- Lipids**
Randomized crossover comparison of two low-dose contraceptives: effects on serum lipids and lipoproteins (März et al.), 287
- Lipoproteins**
Randomized crossover comparison of two low-dose contraceptives: effects on serum lipids and lipoproteins (März et al.), 287
- Liver**
Hepatic and peripheral responsiveness to glucose infusion in pregnancy (Cowett), 272
- Lungs**
Amniotic fluid prolactin and fetal lung maturation (Johnson et al.), 372
Lung profiles in isoimmunized pregnancy (Horenstein, Golde, and Platt), 443
Propranolol inhibits maturational effect of adrenocorticotropin in fetal sheep lung (Vilos et al.), 472
Serum unconjugated estriol level as predictor of pulmonary maturity (Stovall, Dashow, and Read), 568
- Lupus anticoagulant**
Lupus anticoagulant and pregnancy (Lubbe and Liggins), 322 (Current Development)
- Lupus erythematosus**
Systemic lupus erythematosus and reproductive function: case-control study (Grimes et al.), 179
- Luteinizing hormone**
Effect of acute exercise on pulsatile release of luteinizing hormone in women runners (Cumming et al.), 482
- M**
- Macrosomia**
Mother's birth weight as predictor of macrosomia (Klebanoff et al.), 253
- Magnesium**
Magnesium homeostasis following chemotherapy with cisplatin: prospective study (Stewart, Keating, and Schwartz), 660
- Magnesium sulfate**
Action of magnesium sulfate on platelet prostacyclin interaction and prostacyclin of blood vessels (Briel and Lippert), 232 (Letter)
Comparison of ritodrine, terbutaline, and magnesium sulfate for suppression of preterm labor (Beall et al.), 854
Effect of parenteral magnesium sulfate on penicillin-induced seizure foci in anesthetized cats (Koontz and Reid), 96
Magnesium sulfate and ritodrine hydrochloride: systemic and uterine hemodynamic effects (Thiagarajah, Harbert, and Bourgeois), 666
- Meconium**
Meconium aspiration syndrome (Farrell and Hageman), 593 (Letter); Reply (Philips et al.), 594
Meconium below vocal cords at delivery: correlation with intrapartum events (Dooley et al.), 767
- Menstrual cycle**
Prostaglandin E and F_{2α} receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904
Variations in red blood cell proton T₁ relaxation times that correspond to menstrual cycle changes (Rosenthal, Strauss, and Minkoff), 812

Mersilene mesh

Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140

Metabolism

Inhibition of arachidonic acid metabolism by antipyrine and 4-aminoantipyrine (Cohen et al.), 589

Interspecies variation in ritodrine metabolism (Borrisud, Alexander, and Andresen), 332

Triphasic oral contraception: metabolic effects in normal women and those with previous gestational diabetes (Skouby et al.), 495

Mexico City, Mexico

Placentas of small-for-dates infants from Mexico City, Mexico (Labarrere), 235 (Letter); Reply (Davies), 236

β -Mimetic

Acute puerperal uterine inversion: two-step management with β -mimetic and prostaglandin (Thiery and Delbeke), 891

Minerals

Prediction of postmenopausal fracture risk with use of bone mineral measurements (Wasnich et al.), 745

Mole, invasive

Risk of postmolar invasive complications with oral contraceptive use (Yuen and Callegari), 924 (Letter); Reply (Morrow and Schlaerth), 925

Molluscum contagiosum

Laser therapy for vulvar molluscum contagiosum infection (Amstey and Trombeta), 800

Monitoring, fetal

Antepartum nonstress fetal heart rate monitoring: systematic analysis of baseline patterns and decelerations as adjunct to reactivity in prediction of fetal risks (Brioschi et al.), 633

Electronic fetal monitor paced by maternal implanted pacemaker (Goodlin and Cheatham), 570

Intrapartum fetal monitoring and uterine rupture (Pollack and Park), 342 (Letter); Reply (Zuidema), 343

Intrapartum fetal surveillance: role of fetal scalp blood sampling (Clark and Paul), 717 (Clinical Opinion)

Limitations of autocorrelation in fetal heart rate monitoring (Fukushima et al.), 685

Morphology

Biologic and morphologic development of donated human ova recovered by nonsurgical uterine lavage (Buster et al.), 211

Erythrocyte morphology in women with severe preeclampsia and eclampsia (Cunningham et al.), 358

Hormonal and morphologic effects of bromocriptine on normal rat pituitary and GH₃ tumor cells (Lahteenmaki et al.), 349

Mortality, maternal

Fatal maternal outcome after delayed delivery in midtrimester abdominal pregnancy (Golland), 676

Maternal death associated with sickle cell trait (Foster), 346 (Letter); Reply (Pastorek), 347

Mortality, neonatal

Neonatal mortality in very low birth weight and very preterm infants (Verloove-Vanhorick, Verwey, and Keirse), 929 (Letter); Reply (Goldenberg), 930

Mortality, perinatal

Confirmation of xeroradiography as important postmortem fetal diagnostic technique (Graham et al.), 347

Fetal death during labor: epidemiologic indicator of level of obstetric care (Kiely, Paneth, and Susser), 721

Munchausen syndrome

Pregnant women with Munchausen syndrome (Goodlin), 207 (Clinical Opinion)

Muscular dystrophy

Myotonic muscular dystrophy associated with ritodrine tocolysis (Streib, Sun, and Goodlin), 593 (Letter)

Myoblastoma

Granular cell myoblastoma of vulva in 6-year-old girl (Brooks), 897

Myometrium

Cytochrome P-450 activity in human leiomyoma and normal myometrium (Senler et al.), 551

Prostaglandin E and F₂ receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904

N

National board scores

Use of national board scores in selecting residents for obstetrics and gynecology (Spellacy), 605

Neonate

Development of electrocortical activity in fetal and neonatal guinea pig (Umans et al.), 467

Effects of hypertension in pregnancy on neurological maturation in neonates (Diven, Vertes, and Kelly), 709 (Letter)

Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79

Fetal and neonatal effects of indomethacin used as tocolytic agent (Zuckerman and Shalev), 712 (Letter); Reply (Dudley), 713

Neonate

Fetal and neonatal effects of indomethacin used as tocolytic agent (Veersema, de Jong, and van Wijck), 926 (Letter); Reply (Dudley and Hardie), 927

Fetal-neonate passive immunization against *Hemophilus influenzae*, type b (Amstey et al.), 607

Glycosylated hemoglobin concentration in early gestation associated with neonatal outcome (Morris, Grandis, and Litton), 651

Neonatal mortality in very low birth weight and very preterm infants (Verloove-Vanhorick, Verwey, and Keirse), 929 (Letter); Reply (Goldenberg), 930

Postpartum disappearance of chorionic gonadotropin from maternal and neonatal circulations (Reyes, Winter, and Faiman), 486

Norepinephrine

Systemic and uterine responsiveness to angiotensin II and norepinephrine in estrogen-treated nonpregnant sheep (Naden and Rosenfeld), 417

Nose

Fetal heart rate changes following maternal administration of nasal decongestant (Baxi et al.), 799

Nuclear magnetic resonance imaging

Gynecologic masses: value of magnetic resonance imaging (Hricak et al.), 31

Nucleus

Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394

Nutrition

Corpus and cervix cancer: nutritional comparison (Orr et al.), 775

O

Obstetrics and gynecology

- Fetal death during labor: epidemiologic indicator of level of obstetric care (Kiely, Paneth, and Susser), 721
- Gynecologic amyloidosis (Copeland, Hawley, and Teteris), 555
- Gynecologic masses: value of magnetic resonance imaging (Hricak et al.), 31
- Initial instruction in pelvic examination (Coopland), 597 (Letter); Reply (Beckmann), 597
- Obstetric characteristics and fetal heart rate patterns of infants who convulse during newborn period (Keegan, Waf-farn, and Quilligan), 732
- Reliability of gynecologic sonographic diagnosis, 1978-1984 (Wade et al.), 186
- Use of national board scores in selecting residents for ob-stetrics and gynecology (Spellacy), 605

Oocytes

- Biologic and morphologic development of donated human ova recovered by nonsurgical uterine lavage (Buster et al.), 211

Osteocalcin

- Levels of osteocalcin in normal pregnancy (Martinez et al.), 708 (Letter)

Ova (see Oocytes)**Ovarian carcinoma**

- Adenylate cyclase in human ovarian cancers: sensitivity to gonadotropins and nonhormonal activators (Graves et al.), 877
- Assessment of contemporary management of germ cell malignancies of ovary (Creasman and Soper), 828 (Clinical Opinion)
- Comparison of intraperitoneal and intravenous routes of cisplatin administration in advanced ovarian cancer model of rat (Sekiya, Iwasawa, and Takamizawa), 106
- Serous cystadenocarcinoma as incidental finding during re-peat cesarean section (Ahram, Lakoff, and Miller), 78

Ovarian tumors

- Autologous antibodies eluted from membrane fragments isolated from effusions of human ovarian epithelial neo-plasms (Kutteh et al.), 124

Ovary

- Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394
- Effect of follicular fluid protein(s) on gonadotropin-mod-ulated secretion of progesterone in porcine granulosa cell cultures (Battin and diZerega), 432
- Follicular development: lessons learned from human in vitro fertilization (DeCherney, Tarlatzis, and Laufer), 911 (Current Development)
- Influence of ovarian steroid on prostaglandin- and leuko-triene-induced uterine contractions (Hahn et al.), 87

Ovulation

- Return of ovulation after evacuation of hydatidiform moles (Ho, Wong, and Ma), 638

Oxytocin

- Amniotomy and use of oxytocin in labor in nulliparous women (Seitchik, Holden, and Castillo), 848
- Is oxytocin the culprit (Goodlin), 928 (Letter); Reply (MacDonald et al.), 929

P

Pacemaker

- Electronic fetal monitor paced by maternal implanted pace-maker (Goodlin and Cheatham), 570

- Thrombosis due to permanent pacemaker and oral contra-ceptives (Halub, Robie, and Deere), 571

Pain

- Bladder leiomyoma: rare cause of pelvic pain (McLucas and Stein), 896
- Relief of pain in first-trimester abortion (Trupin), 591 (Letter)

Papers

- Society of Gynecologic Investigation, 349-477

Papillomavirus

- Genital warts and cervical cancer. VII. Improved colpos-copic index for differentiating benign papillomaviral in-fectious from high-grade cervical intraepithelial neoplasia (Reid and Scalz), 611

Pelvis

- Bladder leiomyoma: rare cause of pelvic pain (McLucas and Stein), 896
- Failure of intraperitoneal adjuncts to improve outcome of pelvic operations in young women (Jansen), 363
- Initial instruction in pelvic examination (Coopland), 597 (Letter); Reply (Beckmann), 597
- Reconstructive pelvic operations for in vitro fertilization (Garcia et al.), 172
- Report of successful delivery after nonsurgical management of choriocarcinoma-related pelvic arteriovenous fistula (Chapman and Lutz), 155

Penicillin

- Effect of parenteral magnesium sulfate on penicillin-in-induced seizure foci in anesthetized cats (Koontz and Reid), 96

Peptide

- Dipeptide transport in brush-border membrane vesicles iso-lated from normal term human placenta (Ganapathy et al.), 83 (Current Investigation)

Perinatal period

- Obstetric characteristics and fetal heart rate patterns of in-fants who convulse during newborn period (Keegan, Waf-farn, and Quilligan), 732

Peritoneum

- Comparison of intraperitoneal and intravenous routes of cisplatin administration in advanced ovarian can-cer model of rat (Sekiya, Iwasawa, and Takamizawa), 106
- Failure of intraperitoneal adjuncts to improve outcome of pelvic operations in young women (Jansen), 363
- Intraperitoneal chromic phosphate P 32 suspension therapy of malignant peritoneal cytology in endometrial carci-noma (Soper et al.), 191

Phagocytosis

- Infection and phagocytosis as possible mechanisms of rup-ture in premature rupture of membranes (Sbarra et al.), 38

pH

- Single injection of terbutaline in term labor. I. Effect on fetal pH in cases with prolonged bradycardia (Ingemars-son, Arulkumaran, and Ratnam), 859

Phycomycosis

- Phycomycosis of vulva (Scott, Gallis, and Livengood), 675

Physicians

- Use of national board scores in selecting residents for ob-stetrics and gynecology (Spellacy), 605

Pituitary gland

- Hormonal and morphologic effects of bromocriptine on normal rat pituitary and GH₃ tumor cells (Lahteenmaki et al.), 349

Placenta

- Anatomic basis for ultrasound images of human placenta (Vermeulen et al.), 806
Dipeptide transport in brush-border membrane vesicles isolated from normal term human placenta (Ganapathy et al.), 83 (Current Investigation)
Immunohistochemical evaluation of human placental implantation: initial study (Tuttle et al.), 239
Placenta previa percreta with fetal survival (Gribble and FitzSimmons), 314
Placentas of small-for-dates infants from Mexico City, Mexico (Labarrere), 235 (Letter); Reply (Davies), 236
Relationship of uteroplacental blood flow to placental clearance of maternal plasma C-19 steroids evaluation of mathematical models (Senner et al.), 573
Study of interferon production during pregnancy in mice and antiviral activity in placenta (Yamada et al.), 335
Transplacental treatment of tachycardia-induced fetal heart failure with verapamil and amiodarone: case report (Rey et al.), 311

Platelets

- Action of magnesium sulfate on platelet prostacyclin interaction and prostacyclin of blood vessels (Briel and Lipert), 232 (Letter)

Po₂

- Fetal subcutaneous scalp Po₂ and abnormal heart rate during labor (Aarnoudse et al.), 565

Postmenopause

- Acute abdominal condition caused by retrograde bleeding in postmenopausal patient on estrogen-progestogen therapy (Rabinovici et al.), 677
Prediction of postmenopausal fracture risk with use of bone mineral measurements (Wasnich et al.), 745

Postpartum period

- Effect of serotonergic blockade in postpartum preeclamptic patients (Montenegro et al.), 130
Postpartum disappearance of chorionic gonadotropin from maternal and neonatal circulations (Reyes, Winter, and Faiman), 486

Preeclampsia-eclampsia

- In defense of conservative management of severe preeclampsia (Goodlin), 924 (Letter); Reply (Sibai), 924
Delayed gentamicin elimination in patients with severe preeclampsia (NcNeeley et al.), 793
Effect of serotonergic blockade in postpartum preeclamptic patients (Montenegro et al.), 130
Erythrocyte morphology in women with severe preeclampsia and eclampsia (Cunningham et al.), 358
Predictive value of roll-over test in women with mild preeclampsia (Yemini et al.), 77
Preeclampsia and fetal heart rate decelerations (Mazor et al.), 115 (Letter); Reply (Bourgeois), 115
Treatment of patients with severe preeclampsia in second trimester (Grasinger and Thurnau), 928 (Letter); Reply (Sibai), 928

Pregnancy

- Abdominal pregnancy following gonadotropin treatment (Saracoglu, Goksin, and Durukan), 804
Alloimmunization in twin pregnancies (Bowman), 7
Antenatal sonographic diagnosis of conjoined twins in triplet pregnancy (Koontz et al.), 230
Antepartum fetal monitoring in insulin-dependent diabetic pregnancies (Diamond et al.), 528
Associations between unfavorable outcomes in successive pregnancies (Miller and Jekel), 20

- Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
Effect of calcium supplementation on vascular sensitivity to angiotensin II in pregnant women (Kawasaki et al.), 576
Effects of hypertension in pregnancy on neurological maturation in neonates (Diven, Vertes, and Kelly), 709 (Letter)
Elevated maternal glycohemoglobin in early pregnancy and spontaneous abortion among insulin-dependent diabetic women (Miodovnik et al.), 439
Evaluation of new generation of urinary pregnancy tests (Cartwright et al.), 730
Fatal maternal outcome after delayed delivery in midtrimester abdominal pregnancy (Golland), 676
Fetal blood sampling during pregnancy with use of needle guided by ultrasound: study of 606 consecutive cases (Daffos, Capella-Pavlovsky, and Forestier), 655
Fetal heart rate response to running in midpregnancy and late pregnancy (Clapp), 251
Fetal position during pregnancy (Hughey), 885
Fetomaternal hemorrhage following trauma (Rose, Strohm, and Zuspan), 844
Genital herpes in pregnancy: risk factors associated with recurrences and asymptomatic viral shedding (Brown et al.), 24
Glycosylated hemoglobin concentration in early gestation associated with neonatal outcome (Morris, Grandis, and Litton), 651
Heparin treatment during pregnancy (Hahn), 342 (Letter)
Hepatic and peripheral responsiveness to glucose infusion in pregnancy (Cowett), 272
Hermansky-Pudlak syndrome in pregnancy: two case studies (Reiss et al.), 564
Idiopathic hypoparathyroidism with gestational diabetes (Blickstein, Kessler, and Lancet), 649
Immunohistochemical evaluation of human placental implantation: initial study (Tuttle et al.), 239
Indications for and timing of delivery in diabetic pregnancies (Mashini et al.), 759
Influence of antecedent renal disease on pregnancy (Abe et al.), 508
Levels of osteocalcin in normal pregnancy (Martinez et al.), 708 (Letter)
Lung profiles in isoimmunized pregnancy (Horenstein, Golde, and Platt), 443
Lupus anticoagulant and pregnancy (Lubbe and Liggins), 322 (Current Development)
Management of diabetes mellitus in pregnancy (Gabbie), 824 (Clinical Opinion)
Maternal cardiovascular adaptations to twin pregnancy (Veille, Morton, and Burry), 261
Maternal serum α -fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224
Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457
Plasma prorenin in first-trimester pregnancy: relationship to changes in human chorionic gonadotropin (Sealey et al.), 514
Pregnancy in patient with gonadotropin-resistant ovary syndrome (Amos), 154
Pregnant women with Munchausen syndrome (Goodlin), 207 (Clinical Opinion)

- Prospective trial of fetal biophysical profile versus nonstress test in management of high-risk pregnancies (Platt et al.), 624
- Prostacyclin in normal and hypertensive pregnancy (Greer et al.), 710 (Letter); Reply (Yamaguchi and Mori), 712
- Prostaglandin E and $F_{2\alpha}$ receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904
- Pyruvate kinase deficiency hemolytic anemia: two successful pregnancy outcomes (Fanning and Hinkle), 313
- Real-time ultrasound estimations of weight of fetuses of diabetic gravid women (Tamura et al.), 57
- Receiver operating characteristic analysis of glycosylated hemoglobin and standard test for carbohydrate intolerance in pregnancy (Dierksheide), 113 (Letter)
- Screening for carbohydrate intolerance in pregnancy: comparison of two tests and reassessment of common approach (Cousins et al.), 381
- Sonographic diagnosis of Down syndrome in second trimester (Benacerraf, Frigoletto, and Laboda), 49
- Sonographic diagnosis of periappendicular abscess in pregnancy (Jaffe et al.), 623
- Study of interferon production during pregnancy in mice and antiviral activity in placenta (Yamada et al.), 335
- Surveillance of twin pregnancy with umbilical arterial velocimetry (Farmakides et al.), 789
- Systemic sclerosis and pregnancy complicated by obstructive uropathy (Moore et al.), 893
- α -Thalassemia hydrops fetalis: clinical and ultrasonographic considerations (Guy et al.), 500
- Treatment of patients with severe preeclampsia in second trimester (Grasinger and Thurnau), 928 (Letter); Reply (Sibai), 928
- Prematurity**
- Association of subclinical infection with preterm labor: role of C-reactive protein (Potkul, Moawad, and Ponto), 642
- Capnocytophaga* in amniotic fluid of woman in preterm labor with intact membranes (Ernest and Wasilaskas), 648
- Collagen types in normal and prematurely ruptured amniotic membranes (Kanayama et al.), 899
- Comparison of ritodrine, terbutaline, and magnesium sulfate for suppression of preterm labor (Beall et al.), 854
- Influence of fetal sex on rupture of membranes and preterm labor (MacGillivray and Davey), 814 (Letter)
- Neonatal mortality in very low birth weight and very preterm infants (Verloove-Vanhorick, Verwey, and Keirse), 929 (Letter); Reply (Goldenberg), 930
- Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457
- Prophylactic intrapartum amniocentesis in patients with preterm premature rupture of membranes (Nageotte et al.), 557
- Relationship between fetal activity and behavioral states and fetal breathing movements in normal and growth-retarded fetuses (van Vliet et al.), 582
- Premenstrual syndrome**
- Premenstrual syndrome: concerns, controversies, and treatment (Pariser et al.), 599 (Clinical Opinion)
- Prenatal diagnosis**
- Prenatal diagnosis of occipital encephalocele (Chatterjee, Bondoc, and Adhate), 646
- Prenatal genetics**
- Chorionic villus sampling: first-trimester prenatal diagnosis of partial 10q trisomy in family with 4/10 translocation (Olson et al.), 743
- Nonpredictive value of measurements of delta optical density at 450 nm in SS disease (Lindsay and Lupo), 75
- Prenatal ultrasonic diagnosis of cloacal exstrophy (Meizner and Bar-Ziv), 802
- Prepidil**
- Preinduction cervical ripening with prostaglandin E_2 (Prepidil) gel (Trofatter et al.), 268
- Prolactin**
- Amniotic fluid prolactin and fetal lung maturation (Johnson et al.), 372
- Intrauterine fetal response to hypergravity by reduction of plasma prolactin levels in rat (Megory and Oyama), 811
- Prolactin bioactivity following decidual synthesis and transport by amniochorion (McCoshen and Barc), 217
- Prolapse**
- Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140
- Progesterone**
- Effect of follicular fluid protein(s) on gonadotropin-modulated secretion of progesterone in porcine granulosa cell cultures (Battin and diZerega), 432
- Progesterone receptors in human vaginal tissue (Batra and Iosif), 524
- Progestogen**
- Acute abdominal condition caused by retrograde bleeding in postmenopausal patient on estrogen-progestogen therapy (Rabinovici et al.), 677
- Prorenin**
- Plasma prorenin in first-trimester pregnancy: relationship to changes in human chorionic gonadotropin (Sealey et al.), 514
- Stimulation of plasma prorenin by gonadotropic hormones (Sealey et al.), 596 (Letter)
- Propranolol**
- Propranolol inhibits maturational effect of adrenocorticotropin in fetal sheep lung (Vilos et al.), 472
- Prostacyclin**
- Action of magnesium sulfate on platelet prostacyclin interaction and prostacyclin of blood vessels (Briel and Lipert), 232 (Letter)
- Prostacyclin in normal and hypertensive pregnancy (Greer et al.), 710 (Letter); Reply (Yamaguchi and Mori), 712
- Prostaglandins**
- Acute puerperal uterine inversion: two-step management with β -mimetic and prostaglandin (Thiery and Delbeke), 891
- Influence of ovarian steroids on prostaglandin- and leukotriene-induced uterine contractions (Hahn et al.), 87
- Preinduction cervical ripening with prostaglandin E_2 (Prepidil) gel (Trofatter et al.), 268
- Prostaglandin E and $F_{2\alpha}$ receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904
- Relation between cyclic adenosine monophosphate and prostaglandin output by dispersed cells from human amnion and decidua (Warrick et al.), 66
- Uterine rupture with use of vaginal prostaglandin E_2 (Elder), 342 (Letter); Reply (Claman), 342

Protein

- Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
- Effect of follicular fluid protein(s) on gonadotropin-modulated secretion of progesterone in porcine granulosa cell cultures (Battin and diZerega), 432

Proton T₁ relaxation times

- Variations in red blood cell proton T₁ relaxation times that correspond to menstrual cycle changes (Rosenthal, Strauss, and Minkoff), 812

Pseudomembranous enterocolitis

- Pseudomembranous enterocolitis after cesarean delivery (Duff), 926 (Letter); Reply (Arsura), 926

Pyridinoline

- Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Gunja-Smith and Woessner), 92

Pyruvate kinase

- Pyruvate kinase deficiency hemolytic anemia: two successful pregnancy outcomes (Fanning and Hinkle), 313

R

Radiography

- X-ray pelvimetry in breech protocol: comparison of digital radiography and conventional methods (Gimovsky et al.), 887

Receptors

- Age-dependent, ovary-independent decrease in nuclear binding kinetics of estrogen receptors in brain of C57BL/6J mouse (Belisle, Bellabarba, and Lehoux), 394
- Histologic control of biochemical steroid receptor analysis in endometrial carcinoma (Soper et al.), 520
- Progesterone receptors in human vaginal tissue (Batra and Josif), 524
- Prostaglandin E and F_{2α} receptors in human myometrium during menstrual cycle and in pregnancy and labor (Gianopoulos et al.), 904

Reproduction

- Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Gunja-Smith and Woessner), 92
- Systemic lupus erythematosus and reproductive function: case-control study (Grimes et al.), 179

Residents

- Use of national board scores in selecting residents for obstetrics and gynecology (Spellacy), 605

Rh disease

- Controversies in Rh prophylaxis (Hensleigh), 112 (Letter); Reply (Bowman), 112

Ritodrine

- Comparison of ritodrine, terbutaline, and magnesium sulfate for suppression of preterm labor (Beall et al.), 854
- Interspecies variation in ritodrine metabolism (Borrisud, Alexander, and Andresen), 332
- Magnesium sulfate and ritodrine hydrochloride: systemic and uterine hemodynamic effects (Thiagarajah, Harbert, and Bourgeois), 666
- Myotonic muscular dystrophy associated with ritodrine tocolysis (Streib, Sun, and Goodlin), 593 (Letter)

Rocket clip

- Comparative clinical trial of tubal ring versus Rocket clip for female sterilization (Aranda et al.), 755

Running

- Fetal heart rate response to running in midpregnancy and late pregnancy (Clapp), 251

S

Scalp PO₂

- Fetal subcutaneous scalp PO₂ and abnormal heart rate during labor (Aarnoudse et al.), 565

Screening

- Effect of different human chorionic gonadotropin assay sensitivity on screening for ectopic pregnancy (Romero et al.), 72
- Maternal serum α-fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224
- Screening for carbohydrate intolerance in pregnancy: comparison of two tests and reassessment of common approach (Cousins et al.), 381

Sclerosis

- Systemic sclerosis and pregnancy complicated by obstructive uropathy (Moore et al.), 893

Serotonin

- Effect of serotonergic blockade in postpartum preeclamptic patients (Montenegro et al.), 130

Serum

- Blocking of human fertilization in vitro by sera with sperm-immobilizing antibodies (Kamada et al.), 328
- Correlations of glycosylated serum protein and glycosylated hemoglobin concentrations with blood glucose in diabetic pregnancy (Morris, Grandis, and Litton), 257
- Maternal serum α-fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224
- Randomized crossover comparison of two low-dose contraceptives: effects on serum lipids and lipoproteins (März et al.), 287

Sex

- Influence of fetal sex on rupture of membranes and preterm labor (MacGillivray and Davey), 814 (Letter)

Sickle cell disease

- Maternal death associated with sickle cell disease (Foster), 346; Reply (Pastorek), 347
- Nonpredictive value of measurements of delta optical density at 450 nm in SS disease (Lindsay and Lupo), 75

Society for Gynecologic Investigation

- Papers of, 349-477

Somatomedin C

- Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457

South Atlantic Association of Obstetricians and Gynecologists, The

- Transactions, forty-seventh annual meeting, 119-23

Spermatozoa

- Blocking of human fertilization in vitro by sera with sperm-immobilizing antibodies (Kamada et al.), 328

Spinal cord

- Management of autonomic hyperreflexia associated with low thoracic spinal cord lesion (Gimovsky et al.), 223

Startle reflex

- Evoked fetal startle response: possible intrauterine neurological examination (Divon et al.), 454

Statistics

- Relationship of uteroplacental blood flow to placental clearance of maternal plasma C-19 steroids: evaluation of mathematical models (Senner et al.), 573

Sterilization

- Comparative clinical trial of tubal ring versus Rocket clip for female sterilization (Aranda et al.), 755

Steroids

- Histologic control of biochemical steroid receptor analysis in endometrial carcinoma (Soper et al.), 520
- Influence of ovarian steroids on prostaglandin- and leukotriene-induced uterine contractions (Hahn et al.), 87
- Relationship of uteroplacental blood flow to placental clearance of maternal plasma C-19 steroids: evaluation of mathematical models (Senner et al.), 573
- Steroid secretion by lipid cell tumor causing virilization and its diagnosis with computerized tomography (Fonseca et al.), 797

Stroma

- Activities of glycogen synthetase and glycogen phosphorylase in human endometrium: relative distribution in isolated glands and stroma (Souda et al.), 100

Surgical procedures

- Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140
- Carbon dioxide laser surgery (Rubinstein), 345 (Letter); Reply (Baggish and Dorsey), 345
- Clostridium difficile*-associated diarrhea follows perioperative prophylaxis with cefoxitin (Block et al.), 835
- Failure of intraperitoneal adjuncts to improve outcome of pelvic operations in young women (Jansen), 363
- "Posterior culdeplasty": revisited (Given), 135
- Preoperative cefoxitin prophylaxis for elective abdominal hysterectomy (Hemsell et al.), 225
- Reconstructive pelvic operations for in vitro fertilization (Garcia et al.), 172

Syndrome

- Decreased levels of amniotic fluid α -fetoprotein associated with Down syndrome (Davis et al.), 541
- Hermansky-Pudlak syndrome in pregnancy: two case studies (Reiss et al.), 564
- Meconium aspiration syndrome (Farrell and Hageman), 593 (Letter); Reply (Philips et al.), 594
- Pregnancy in patient with gonadotropin-resistant ovary syndrome (Amos), 154
- Pregnant women with Munchausen syndrome (Goodlin), 207 (Clinical Opinion)
- Premenstrual syndrome: concerns, controversies, and treatment (Pariser et al.), 599 (Clinical Opinion)
- Sonographic diagnosis of Down syndrome in second trimester (Benacerraf, Frigoletto, and Laboda), 49
- Sonographic sign for detection of Down's syndrome (Castillo), 595 (Letter); Reply (Benacerraf, Barss, and Laboda), 595

Synthesis

- Prolactin bioactivity following decidual synthesis and transport by amniochorion (McCoshen and Barc), 217

T**Terbutaline**

- Comparison of ritodrine, terbutaline, and magnesium sulfate for suppression of preterm labor (Beall et al.), 854
- Paradoxical response to intravenous terbutaline (Bhat, Seifer, and Hensleigh), 310
- Single injection of terbutaline in term labor. I. Effect on fetal pH in cases with prolonged bradycardia (Ingemarsson, Arulkumaran, and Ratnam), 859
- Single injection of terbutaline in term labor. II. Effect on uterine activity (Ingemarsson, Arulkumaran, and Ratnam), 865

- Use of intravenous terbutaline to facilitate uterine repositioning (Catanzarite, Argubright, and Perkins), 591 (Letter); Reply (DeVore), 592

Terodiline

- Effect of terodiline treatment in women with motor urge incontinence (Ulmsten, Ekman, and Andersson), 619

Testosterone

- Serum testosterone concentrations in evaluation of androgen-producing tumors (Friedman et al.), 44

Tests

- Evaluation of new generation of urinary pregnancy tests (Cartwright et al.), 730
- Fetal acoustic stimulation testing: retrospective experience with fetal acoustic stimulation test (Smith et al.), 567
- Interpretation of nonstress tests (Hage), 490
- Predictive value of roll-over test in women with mild pre-eclampsia (Yemini et al.), 77
- Prospective trial of fetal biophysical profile versus nonstress test in management of high-risk pregnancies (Platt et al.), 624
- Receiver operating characteristic analysis of glycosylated hemoglobin and standard test for carbohydrate intolerance in pregnancy (Dierksheide), 113 (Letter)
- Relationship of nonstress test to gestational age (Druzin et al.), 386
- Screening for carbohydrate intolerance in pregnancy: comparison of two tests and reassessment of common approach (Cousins et al.), 381
- Significance of sporadic heart rate deceleration during nonstress test (Wood and Poon), 708 (Letter); Reply (Mazor et al.), 708
- Validity of leukocyte esterase reagent test strip in detecting significant leukocyturia (Marquette et al.), 888

Thoracic vertebrae

- Management of autonomic hyperreflexia associated with low thoracic spinal cord lesion (Gimovsky et al.), 223

Thrombocytopenia

- Failure of cesarean section to prevent intracranial hemorrhage in siblings with isoimmune neonatal thrombocytopenia (Sia et al.), 79

Thrombosis

- Thrombosis due to permanent pacemaker and oral contraceptives (Halub, Robie, and Deere), 571

Thyroid gland

- Idiopathic hypoparathyroidism with gestational diabetes (Blickstein, Kessler, and Lancet), 649

Tocolysis

- Fetal and neonatal effects of indomethacin used as tocolytic agent (Veersema, de Jong, and van Wijck), 926 (Letter); Reply (Dudley and Hardie), 927
- Fetal and neonatal effects of indomethacin used as tocolytic agent (Zuckerman and Shalev), 712 (Letter); Reply (Dudley), 713
- Myotonic muscular dystrophy associated with ritodrine tocolysis (Streib, Sun, and Goodlin), 593 (Letter)
- Preterm rupture of membranes: combination therapy (Van Dorsten, Horger, and Miller), 147
- Short-term tocolysis adjunctive to intrapartum term breech management (Gimovsky), 233 (Letter)

Tomography, computerized

- Steroid secretion by lipid cell tumor causing virilization and its diagnosis with computerized tomography (Fonseca et al.), 797

Toxicity

- Embryo toxicity of clomiphene citrate on mouse embryos fertilized in vitro and in vivo (Schmidt et al.), 679

Transactions

The South Atlantic Association of Obstetricians and Gynecologists, forty-seventh annual meeting, 119-23

Transfusion

Delayed hemolytic transfusion reaction: cause of late post-operative fever (Soper), 227

Triples

Antenatal sonographic diagnosis of conjoined twins in triplet pregnancy (Koontz et al.), 230

Trisomy

Maternal serum α -fetoprotein screening of fetal trisomies (Hershey, Crandall, and Schroth), 224

Trophoblastic neoplasia

Risk factors for gestational trophoblastic neoplasia (Messerli et al.), 294

Tube, fallopian

Comparative clinical trial of tubal ring versus Rocket clip for female sterilization (Aranda et al.), 755

Vaginal douching as potential risk factor for tubal ectopic pregnancy (Chow et al.), 727

Twins

Alloimmunization in twin pregnancies (Bowman), 7

Antenatal sonographic diagnosis of conjoined twins in triplet pregnancy (Koontz et al.), 230

Maternal cardiovascular adaptations to twin pregnancy (Veille, Morton, and Burry), 261

Surveillance of twin pregnancy with umbilical arterial velocimetry (Farmakides et al.), 789

Twin delivery: how should second twin be delivered (Olofsson and Rydhström), 479 (Clinical Opinion)

U

Ultrasound

Anatomic basis for ultrasound images of human placenta (Vermeulen et al.), 806

Antenatal sonographic diagnosis of conjoined twins in triplet pregnancy (Koontz et al.), 230

Fetal blood sampling during pregnancy with use of needle guided by ultrasound: study of 606 consecutive cases (Daffos, Capella-Pavlovsky, and Forestier), 655

Intrapartum ultrasound diagnosis of nuchal cord as decisive factor in management (Feinstein et al.), 308

Prenatal diagnosis of occipital encephalocele (Chatterjee, Bondoc, and Adhate), 646

Prenatal ultrasonic diagnosis of cloacal exstrophy (Meizner and Bar-Ziv), 802

Real-time ultrasound estimations of weight in fetuses of diabetic gravid women (Tamura et al.), 57

Reliability of amniotic fluid volume estimation from ultrasonograms: intraobserver and interobserver variation before and after establishment of criteria (Halperin et al.), 264

Reliability of gynecologic sonographic diagnosis, 1978-1984 (Wade et al.), 186

Sonographic diagnosis of Down syndrome in second trimester (Benacerraf, Frigoletto, and Laboda), 49

Sonographic diagnosis of periappendicular abscess in pregnancy (Jaffe et al.), 623

Sonographic sign for detection of Down's syndrome (Castillo), 595 (Letter); Reply (Benacerraf, Barss, and Laboda), 595

α -Thalassemia hydrops fetalis: clinical and ultrasonographic considerations (Guy et al.), 500

Umbilical artery

Surveillance of twin pregnancy with umbilical arterial velocimetry (Farmakides et al.), 789

Umbilical cord

Intrapartum ultrasound diagnosis of nuchal cord as decisive factor in management (Feinstein et al.), 308

Maternal and cord blood glycated albumin and total serum proteins: correlation with maternal glycemic control and birth weight (Yatscoff, Mehta, and Dean), 783

Nonsuppressible insulin-like activity and somatomedin C levels in normal pregnant women, in pregnant women with gestational diabetes, and in umbilical cord blood of mature and premature infants (Samaan et al.), 457

Serum vitamin K₁ concentration and vitamin K-dependent clotting factor activity in maternal and fetal cord blood (Sann et al.), 771

University women

Cervical *Chlamydia trachomatis* infections in university women: relationship to history, contraception, ectopy, and cervicitis (Harrison et al.), 244

Urinary tract

Evaluation of new generation of urinary pregnancy tests (Cartwright et al.), 730

Uropathy

Systemic sclerosis and pregnancy complicated by obstructive uropathy (Moore et al.), 893

Uterus

Acute puerperal uterine inversion: two-step management with β -mimetic and prostaglandin (Thiery and Delbeke), 891

Biologic and morphologic development of donated human ova recovered by nonsurgical uterine lavage (Buster et al.), 211

Content of collagen and elastin cross-links pyridinoline and desmosines in human uterus in various reproductive states (Günja-Smith and Woessner), 92

Corpus and cervix cancer: nutritional comparison (Orr et al.), 775

Cytochrome P-450 activity in human leiomyoma and normal myometrium (Senler et al.), 551

Electrical and mechanical uterine activity and gap junctions in periparturient sheep (Verhoeff et al.), 447

Influence of ovarian steroids on prostaglandin- and leukotriene-induced uterine contractions (Hahn et al.), 87

Intrapartum fetal monitoring and uterine rupture (Pollock and Park), 342 (Letter); Reply (Zuidema), 343

Magnesium sulfate and ritodrine hydrochloride: systemic and uterine hemodynamic effects (Thiagarajah, Harbert, and Bourgeois), 666

Relationship of uteroplacental blood flow to placental clearance of maternal plasma C-19 steroids: evaluation of mathematical models (Senner et al.), 573

Single injection of terbutaline in term labor. II. Effect on uterine activity (Ingemarsson, Arulkumaran, and Ratnam), 865

Systemic and uterine responsiveness to angiotensin II and norepinephrine in estrogen-treated nonpregnant sheep (Naden and Rosenfeld), 417

Use of intravenous terbutaline to facilitate uterine repositioning (Catanzarite, Argubright, and Perkins), 591 (Letter); Reply (DeVore), 592

Uterine rupture with use of vaginal prostaglandin E₂ (Elder), 342 (Letter); Reply (Claman), 342

V

Vagina

Abdominal sacral colpopexy with Mersilene mesh in retroperitoneal position in management of posthysterectomy vaginal vault prolapse and enterocele (Addison et al.), 140

Progesterone receptors in human vaginal tissue (Batra and Iosif), 524

Uterine rupture with use of vaginal prostaglandin E₁ (Elder, 342 (Letter); Reply (Claman), 342

Vaginal douching as potential risk factor for tubal ectopic pregnancy (Chow et al.), 727

In vitro adherence of *Lactobacillus* species to vaginal epithelial cells (Wood et al.), 740

Vaginal carcinoma

Microinvasive carcinoma of vagina: distinct clinical entity (Peters, Kumar, and Morley), 505

Vancomycin

Fetal distress secondary to vancomycin-induced maternal hypotension (Hill), 74

Vasa previa

Use of fetal scalp hematocrit in diagnosis of severe hemorrhage from vasa previa (Silva et al.), 307

Vascular malformation

Cervical vascular malformation as cause of antepartum and intrapartum bleeding in three diethylstilbestrol-exposed progeny (Follen, Fox, and Levine), 890

Velocimetry

Surveillance of twin pregnancy with umbilical arterial velocimetry (Farmakides et al.), 789

Verapamil

Transplacental treatment of tachycardia-induced fetal heart failure with verapamil and amiodarone: case report (Rey et al.), 311

Virilization

Steroid secretion by lipoid cell tumor causing virilization and its diagnosis with computerized tomography (Fonseca et al.), 797

Virus

Genital herpes in pregnancy: risk factors associated with recurrences and asymptomatic viral shedding (Brown et al.), 24

Study of interferon production during pregnancy in mice and antiviral activity in placenta (Yamada et al.), 335

Vitamins

Serum vitamin K₁ concentration and vitamin K-dependent clotting factor activity in maternal and fetal cord blood (Sann et al.), 771

Vocal cords

Meconium below vocal cords at delivery: correlation with intrapartum events (Dooley et al.), 767

Vulva

Granular cell myoblastoma of vulva in 6-year-old girl (Brooks), 897

Laser therapy for vulvar molluscum contagiosum infection (Amstey and Trombetta), 800

Phycomycosis of vulva (Scott, Gallis, and Livengood), 675

W

Warts, genital

Genital warts and cervical cancer. VII. Improved colposcopic index for differentiating benign papillomaviral infections from high-grade cervical intraepithelial neoplasia (Reid and Scalzi), 611

Improved laser techniques for the elimination of genital and extragenital warts (Baggish), 545

Weight, fetal

Real-time ultrasound estimations of weight in fetuses of diabetic gravid women (Tamura et al.), 57

X

Xeroradiography

Confirmation of xeroradiography as important postmortem fetal diagnostic technique (Graham et al.), 347

X-ray pelvimetry

X-ray pelvimetry in breech protocol: comparison of digital radiography and conventional methods (Gimovsky et al.), 887
